

Certificate of Completion of The AI Incubator 2023

We confirm that

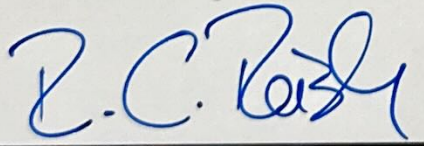

Yashwardhan Deshmukh

successfully participated in The AI Incubator 2023.

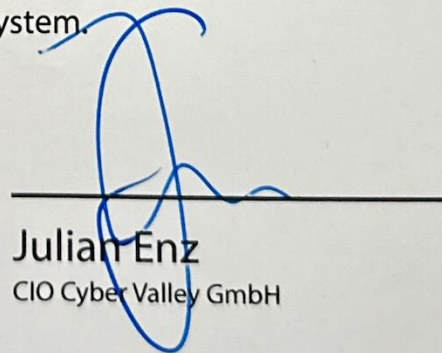

The AI Incubator took place from October to November 2023
in Tübingen, Zürich, and Stuttgart.

A six-week program, The AI Incubator comprises six full-day sessions, aimed at empowering researchers, technologists, and business talent to embark on their entrepreneurial journey and become part of the next generation of start-ups using artificial intelligence. The program concluded with each team delivering a final pitch in front of an expert jury at a public event.

The AI Incubator is organized by Cyber Valley and funded
by Carl-Zeiss-Stiftung, supported by partners from the
Cyber Valley ecosystem.
